**911** Fire/House Numbers: Lange Enterprises will begin installing updated 911 fire/house numbers within the next few weeks. These 911/house numbers are installed perpendicular to the roadway, are larger and provide better viewing and improved reflection from the road. Existing fire numbers and posts will be removed (unless they are physically attached to a structure, the property owner will then be responsible for removal of the sign) and an updated 911 fire/house number and post will be installed near the roadway. If you have questions or concerns about this process, you are encouraged to contact one of the Board members.

**E-Cycle Wisconsin:** All electronic equipment must be recycled. The following centers have been designated by the Wisconsin DNR as official collection sites for televisions, computers, VCRs, cell phones, cameras, MP3 players, printers, stereos, etc. For more information on what falls under this category or information about E-cycle please visit <u>http://dnr.wi.gov/org/aw/wm/ecycle</u>
