Garbage/Recycling Changes Coming in 2019

In early 2019, Advanced Disposal will begin implementing an automated pick up for all garbage and recycling in New Denmark. Residents will be provided with a standard 65 gallon garbage cart and a 95 gallon recycling cart at no cost. Information about cart delivery and an updated garbage & recycling schedule will be provided to all residents in early February / March. With this change, recycling will be picked **every other week** and garbage picked up weekly. In the interim, please continue to have your garbage and recycling road side by 6:30 a.m. on **Thursday morning**. If there is inclement weather, garbage pick-up may occasionally be delayed and updates can be found on the Advanced webpage: <http://www.advanceddisposal.com/wi/de-pere/green-bay-collection>. **Customers can sign up to receive service alerts using the "Get alerts" icon.** Should you need to contact Advanced Disposal for other services, such as bulk item pick up, please call 1-800-279-1930.

Covered recycling carts will provide an added benefit to our community as they prevent blowing of recycled items and have shown to increase the volume of recycled materials collected.

Reminders on WHAT you can recycle:

- Cartons (milk, juice, soup, wine, etc.)
- Dairy containers (yogurt, sour cream, margarine, cottage cheese)
- Produce, bakery and deli containers (berry, donut, potato salad)
- Lids from above containers
- Newspapers, inserts, magazines, junk mail and catalogs
- Cardboard and paperboard packaging (food boxes, soda boxes, etc. broken down)
- Office, writing and school paper and envelopes
- Phonebooks, other soft and hard cover books
- Paper bags, towel/toilet paper cores, paper egg cartons
- Shredded paper placed in a paper bag, stapled shut
- Glass food and beverage bottles and jars (all colors)
- Aluminum, steel, tin, bi-metal bottles and cans (including empty aerosol cans)
- Plastic beverage and household bottles and jugs

Winter

SNOW REMOVAL FROM PRIVATE DRIVEWAYS: Residents are reminded all snow should be pushed free & clear of the roadway and into the right-of-way to avoid potential hazards and drifting when clearing snow from private driveways.
